3. Please describe one of your favorite memories in the outdoors?

## ***Trekkers Agreement***

**Trekkers Partnership with the Schools:** Trekkers has worked as a liaison between the schools and the families of Trekker students throughout its 20-year existence as an organization. It is our goal to check in with the schools as a way to provide extra support for your son or daughter during possibly difficult academic and/or behavioral times. This way Trekkers can meet with the schools, students and families to help rectify the situation in a timely manner. With this in mind, please sign below to grant Trekkers permission to check in with the teachers, principals and the guidance department staff of RSU #13 on behalf of your son or daughter if and when academic, behavioral, and/or emotional needs arise.

**Trekkers Chemical Free Policy:** I/we agree to abide by the **Chemical Free Policy** of Trekkers while participating on the trip. This means that I will not take any drugs, alcohol, or tobacco of any kind on the trip. If I am found with the above-mentioned substances I understand that there will be consequences to my actions, including the possibility of me being sent home at the parent/guardian's expense and not being invited to participate in future Trekkers activities.

**Trekkers Photo/Video Release Policy:** We hereby allow Trekkers to use photographs, videos or images of me/my child for appropriate promotional materials.

## **WHEN DOES THE TREKKERS WAITING LIST GET ACTIVATED?**

The waiting list will be activated under the following circumstances:

1. If a student moves out of the six communities that Trekkers-currently serves, **or**
2. A student decides that he/she no longer wants to participate in Trekkers, **or**
3. The number of participants for a particular program drops below 14 students (which happens from time to time because students might have a conflict during particular expedition dates). If this were to happen, the Program Manager would then have to determine if there's enough time left in the planning process before the expedition takes place to bring in a new Trekker.

Once the number of participants drops below 14 for a particular class' program, Trekkers will invite the next person from the waiting list who matches the gender of the student who is leaving or not participating in the program from that class. If Trekkers finds that it no longer has any students left on the waiting list who match the gender of the student leaving, Trekkers will go to the next person on the waiting list for the opposite gender. In other words, if a boy drops out of Trekkers, Trekkers will first look to the waiting list to see if there is a boy on the waiting list from that class. If there is no longer a boy on the waiting list for that class, Trekkers will invite the next girl on the waiting list.
